1. We are forwarding under separate cover as disclosure no. 1 the minutes of a meeting held by the S.D.I.T. committee w/ their HQ office in Bonn. As can be seen from these papers this committee is not "friendly" now to the organization itself in its approach. It is noteworthy that there is a particular interest in a portion of the meeting, which does not support the work of this organization.

2. Disclosure no. 2 is a brieflet containing an article signed by one of the affiliated S.D.I.T. organizations, which was discussed at the meeting.

3. An addendum is also attached, as a go of organization, and within itself the rival concepts of anti-communist and socialist, which are brought into themselves into both economic and political things. These papers are forwarded as being useful in keeping abreast of the various currents of thought within S.D.I.T. Perhaps Japan R could be interested in these papers also.
